EDUCATION:

Michigan State University

Web Development Coding Bootcamp: *Certificate*

East Lansing, Michigan

May 2022 - November 2022

The **Full-Stack JavaScript Coding Bootcamp**, developed by **edX** in partnership with **Michigan State University**, is a 6-month immersive experience that teaches students in-demand skills needed to be a full-stack web developer and become job-ready and employer-competitive.

- Learned website fundamentals such as HTML, CSS, JavaScript, SQL, and more.
- Worked with technologies such as Git, Node, React, MongoDB, Redux, Heroku, and Webstorm.
- Learned how to use the MERN stack in Web Development and convert traditional applications into Progressive Web Apps.
- Experience with Agile best practices and MVC design patterns.
- Experience with working and creating RESTful and GraphQL API's.

Eastern Gateway Community College

Business Management: *Associate of Applied Business*

Youngstown, Ohio

March 2020 - May 2022

The **Business Management Degree** provided by **Eastern Gateway CC** is a 2-year degree that trains students to develop skills and knowledge of the business world to become valuable members of a management team.

- Courses learned include Financial Accounting, Principles of Management, Microeconomics, Securities and Investments, Financial Management, Human Resources, Business Communications, Managerial Accounting, and many more!
- Learned how to work in and lead teams, understand and prepare business and marketing plans, and identify the four functions of management (Planning, organizing, leading, and controlling).
